RE-INVENTING THE WAY COCKTAILS ARE MADE AND SERVED

The Market

Research shows that consumers prefer Food and Beverage establishments that offer handcrafted quality, convenience and an alcohol TO-GO choice. As an operator you've seen the explosion as takeout and delivery have become a part of life for a majority of U.S. consumers. This trend is expected to continue through 2022 and beyond.

The Challenge

Consumer demand for authentic, great tasting beverages continues to grow, however, the market is flooded with beverage imposters claiming to be authentic. Current adult beverage industry offerings of premixed cocktails taste nothing like a classic cocktail.

Other challenges include:

- Consistently preparing a quality craft cocktail
- Managing limited labor and high preparation cost
- Controlling ingredients and liquor varieties

OUR STORY

INSPIRED INNOVATION

The legacy of the Ultimate Craft Cocktail began with founder Greg Johnson's lifelong pursuit of beverage innovation, a passion for fresh natural taste and the tenacity to push past traditional industry boundaries. Johnson observed that quality beer and wine were available almost anywhere, however, a quality cocktail could only be found in restaurants and bars. Other beverages on the market were 'cocktails' in name only and did not taste like an authentic cocktail.

Johnson started MPACT Beverage to take on the challenge of producing a premium, ready-to-drink craft cocktail, the first of its kind in the industry. He met the challenge and invented a craft cocktail like no other – the Ultimate Craft Cocktail. It combined only the finest ingredients, including fruit and juices sourced from around the world, and mixed with ultra-pure alcohol containing NO sulfites, preservatives or other derogatory ingredients known to cause headaches. Only the 'good stuff', and nothing else!

TASTE THE 'GOOD STUFF'

A HISTORY OF SUCCESS

Johnson, a degreed engineer, has long been recognized as a maverick, innovator and entrepreneur. He has earned numerous patents, awards and built his first company, Parrot-Ice Drink Products, into a hundred-million-dollar global organization. Parrot-Ice became the top premium frozen brand in the United States and the first to offer a real fruit frozen beverage.

In 2014, MPACT Beverage introduced its innovative product and program to the Texas adult beverage market, causing the state's hardly existent Cocktail To-Go Industry to explode with growth. MPACT began to supply and support daiquiri businesses state-wide.

Today, MPACT Beverage is the #1 craft cocktail provider and the leading Texas alcohol producer in its class, with over 1 million gallons batched per year and is an award winner of INC 5000's "Fastest Growing Companies."
