THE ULTIMATE CRAFT COCKTAIL

TASTE THE 'GOOD STUFF'. ANYTIME. ANYWHERE. YOUR WAY.

RE-INVENTING THE WAY COCKTAILS ARE MADE AND SERVED

The Market

Research shows that consumers prefer Food and Beverage establishments that offer handcrafted quality, convenience and an alcohol TO-GO choice. As an operator you've seen the explosion as takeout and delivery have become a part of life for a majority of U.S. consumers. This trend is expected to continue through 2022 and beyond.

The Challenge

Consumer demand for authentic, great tasting beverages continues to grow, however, the market is flooded with beverage imposters claiming to be authentic. Current adult beverage industry offerings of premixed cocktails taste nothing like a classic cocktail.

Other challenges include:

- Consistently preparing a quality craft cocktail
- Managing limited labor and high preparation cost
- Controlling ingredients and liquor varieties

THE MPACT SOLUTION

ONLY THE 'GOOD STUFF' AND NOTHING ELSE

Handcrafted in small batches, we source the finest ingredients and fruit juices from around the world and sweeten with pure cane sugar grown in Louisiana. We mix using our industry-changing proprietary Cryopact™ cold filtration process, keeping it fresh, delicious, and ready to drink.

OUR STORY

INSPIRED INNOVATION

The legacy of the Ultimate Craft Cocktail began with founder Greg Johnson's lifelong pursuit of beverage innovation, a passion for fresh natural taste and the tenacity to push past traditional industry boundaries. Johnson observed that quality beer and wine were available almost anywhere, however, a quality cocktail could only be found in restaurants and bars. Other beverages on the market were 'cocktails' in name only and did not taste like an authentic cocktail.

Johnson started MPACT Beverage to take on the challenge of producing a premium, ready-to-drink craft cocktail, the first of its kind in the industry. He met the challenge and invented a craft cocktail like no other – the Ultimate Craft Cocktail. It combined only the finest ingredients, including fruit and juices sourced from around the world, and mixed with ultra-pure alcohol containing NO sulfites, preservatives or other derogatory ingredients known to cause headaches. Only the 'good stuff', and nothing else!

MPACTING OUR WORLD BY SAVING OUR NATURAL RESOURCES

TASTE THE 'GOOD STUFF'

A HISTORY OF SUCCESS

Johnson, a degreed engineer, has long been recognized as a maverick, innovator and entrepreneur. He has earned numerous patents, awards and built his first company, Parrot-Ice Drink Products, into a hundred-million-dollar global organization. Parrot-Ice became the top premium frozen brand in the United States and the first to offer a real fruit frozen beverage.

In 2014, MPACT Beverage introduced its innovative product and program to the Texas adult beverage market, causing the state's hardly existent Cocktail To-Go Industry to explode with growth. MPACT began to supply and support daiquiri businesses state-wide.

Today, MPACT Beverage is the #1 craft cocktail provider and the leading Texas alcohol producer in its class, with over 1 million gallons batched per year and is an award winner of INC 5000's "Fastest Growing Companies."

MPACT[®] CLEAR

F O R E V E R -

MPACT CLEAR is our premium, ultra-pure, neutral alcohol—perfect for sipping or mixing with any cocktail recipe. Ready to be enjoyed anytime, anywhere!

ONLY THE 'GOOD STUFF' AND NOTHING ELSE

True to its name, **MPACT CLEAR** is 100% clarified and purified. It contains no sulfites, preservatives or other derogatory ingredients known to cause headaches. It is unlike any alcohol on the market.

We begin with fermented sweet molasses derived from Florida oranges that we then take through multiple proprietary processes, including our Cryopact[™] cold filtration technology. The result is a smooth, ultra-pure, fermented neutral vodka-type alcohol—the key to the Ultimate Craft Cocktail.

What is 'Other than Standard Orange Wine'?

Having a TTB regulatory tax classification of “other than standard orange wine” is legal government language describing the alcohol type as **not** a regular table wine (other) but taxed in the same class and sold in establishments where wine is allowed. **MPACT CLEAR** is a neutral alcohol that is easily modified to create profiles of the finest popular distilled Adult Beverage types including tequila, rum, and whiskey types.

Available in 16%, 14% and sweet 10% ABV.

MPACT CLEAR
