

# You'll Be Back

[Intro]

**G G/F C Am D**

[Verse]

**G**

You say

**G/F**

**C**

**Am**

The price of my love's not a price that you're willing to pay

**G**

You cry

**G/F**

**C**

**Am**

In your tea which you hurl in the sea when you see me go by

**Em**

Why so sad?

**G**

**C**

**Am**

Remember we made an arrangement when you went away

**Em**

Now you're making me mad

**G**

**C**

**D**

Remember despite our estrangement, I'm your man

[Chorus]

**G**

**G/F**

You'll be back, soon you'll see

**C**

**Am**

You'll remember you belong to me

**G**

**G/F**

You'll be back, time will tell

**C**

**Am**

You'll remember that I served you well

**Em**

**G**

Oceans rise, empires fall

**C**

**Cm**

We have seen each other through it all

**Em**

**G**

And when push comes to shove

**C**

**Am**

I will send a fully armed battalion

**G**

To remind you of my love!
